An Easier, More Secure Option for Paying Bills

Bill Pay is available to those with a GPPFCU checking account enrolled in Online or Mobile Banking.

Access your bills with a single login and password.

Manage your finances on the go. Make one-time or schedule payments directly from our mobile app.

Never miss a payment. Avoid late payments (and potential fees) by scheduling on or before your due dates.

Control and modify payments as needed. Unlike auto debit or ACH payments where funds are automatically withdrawn from your account, with Bill Pay, you get the flexibility of how much you want to pay and when.

Protect your identity with a reduced paper trail. Almost 85% of identity theft cases are due to lost checkbooks, payments lost in the mail, and paper statements. When you receive eBills and pay bills online, your payment information is protected by the same standards that secure your online account.

Skip the mailbox, check the inbox

Enjoy free, online access to your statements. You can balance your accounts when you want for accuracy instead of waiting for paper statements.

Less paper to clutter your life!

E-statement Advantages:

- Available sooner than paper statements.
- Reduced paper consumption.
- View the same account information that gets printed on your paper statement.
- A simple e-mail notification lets you know when your e-statement is available for viewing on the HomeBanking.

Enrolling in E-Statements:

Access e-statements through online banking (online banking is required for e-statement access). To enroll:

1. Log into online banking located on our website.
2. Click on the Self-Service tab.
3. Click on e-statements.
4. Follow the enrollment steps.

We are now offering E-Receipts, ask a representative for more information
